

RS206 MORTICE

For bit and pump keys

The **RS206** is a professional mechanical Mortice key cutting machine for single and double bitted, as well as side and bullet warded keys.

The RS206 can duplicate ward, side and bullet cuts without removing the keys from the clamp. The height adjustment lever also allows the user to round the ends of lever cuts to making the operation of the key smoother in the lock.

Item No: KM1305

- Clamp with "easy fit" locking
- Clamp with 360° rotation
- Sturdy and handy
- Movement of carriage on roll guide
- Cut rounding features

TECHNICAL FEATURES
